

Abrar Muthana

Frontend Developer

+9647831190254 | abraralrawi997@gmail.com | [Portfolio](#)

Profile

I am a passionate and detail-oriented Frontend Developer with a strong foundation in web technologies like HTML, CSS, and JavaScript. With 1 year and six months of experience with [Techboom](#) company and over three years as a self-trainer and freelancer, I specialize in building responsive, user-centered websites and applications using modern frameworks such as React.js and Next.js. My focus is on creating seamless, intuitive user experiences that meet both client and end-user needs.

Experience

-Pily, Manila

- Developed a dynamic website builder's front-end using React.js, focusing on responsiveness and user-friendliness.
- Create components to different categories.
- Design templates by using components.
- Design 3D components by using 3D models and fix it by Blender app then develop it.

-Techboom, Manila

- Developed a dynamic website builder's front-end using React.js, focusing on responsiveness and user-friendliness.
